

Al Nasr Holding Co. W.L.L.

شركة النصر القابضة ذ.م.م.

A PARTNER YOU CAN TRUST

MESSAGE FROM THE CHAIRMAN

The Chairman and CEO

Al Nasr Holding Company is synonymous with innovation and development. The company has emerged triumphantly to become a premiere business house in the state of Qatar, involved in multi-disciplined activities geared towards meeting the demands of a select market and forming a strong economic nucleus conforming to today's fluctuating market activity.

Al Nasr Holding Company cover a wide spectrum of activities in the areas of power and water, oil and gas, trading, construction, security-telecommunications and safety, media and marketing, car rental, metal recycling and metallurgy catering to the requirements of State of Qatar and the neighboring gulf countries, aiming to provide services and products that are by all means up to the highest international standards, reflecting the true image that we want to inculcate to our esteemed clientele.

Our enduring success comes from our belief in the power of building partnerships with staff, principals, customers, vendors, shareholders and the community.

Saeed Bin Abdul Aziz Al Nasser
Chairman & Chief Executive Officer

The Vice Chairman and COO

Al Nasr Holding Company has now become an organization that is recognized for its quality of service, management, overall commitment and reliability. Through teamwork and partnership, we have succeeded in establishing a reputation as a group that represents only the very best in its particular field.

We are committed to providing top-notch customer care by using state-of-art technology via a well trained workforced ably guided by resourceful management team.

Our focus is toward the continuing expansion of our reach in Qatar across the GCC and to remain a winner all the way in all endeavors at all times, in all our fields to remain totally absolute and comprehensive.

Abdullah Bin Abdul Aziz Al Nasser
Vice Chairman & Chief Operating Officer

VENTURE GULF ENGINEERING W.L.L.

Venture Gulf Engineering is a pioneer service company that provides a line of exceptional quality service and solutions to the Oil & Gas, Petrochemical and allied industries.

SPECIALIZED OIL & GAS MACHINE SHOP

The Machine Shop Facilities were initially established in late 1995. As Part of a strategy implemented by the owners to service the requirement of the Oil & Gas Industry.

FABRICATION SHOP

A fully equipped purpose built workshop to undertake design, manufacture, testing, painting and cerification of offshore and onshore steel structure to BS, AWS, AISC, other international standard and as per customer requirements

VALVE & REFURBISHMENT SHOP

This section has been formed as a synergic expansion of our API valve servicing and retrofiting activities to a standalone section to address the process industry valves and also to supplement the demand of API valves service team with the addition of resources both skilled technicians and equipments.

ELECTRICAL ROTATING MACHINERY REPAIR SHOP (ERMRS)

The growing demand for a quality electrical machinery to comprehensively address the repair of both static and rotating equipment with ease of access resulted in the establishment of an Electrical Rotating Machinery Repair Shop within the VGE base facility.

YARD & LOGISTICS

VGE has an excellent experience in providing logistics services, warehousing, transport, lifting equipment and supply of personnel.

For inquiries, email info@vengulfoilgas.com, call +974 4460 2121 or log on to www.vengulfoilgas.com

VENTURE GULF SAFETY & SECURITY TRAINING CENTER

With over 3 decades of expertise, Venture Gulf Safety and Security Training Centre (VGSSTC) has become an industry leader in the field of Occupational Health and Safety. Operating from a state of the art purpose built training facility, our highly qualified safety practitioners bring a wealth of knowledge into every training course and onsite workshops to meet stringent safety standards.

VGSSTC provides an extensive range of Work Health and Safety training courses to various industries (*i.e. Oil and Gas, Maritime, Construction, etc*). Our purpose designed practical training areas provide delegates with the opportunity to maximise hands-on training experience in a realistic and safe workplace environment for onshore and offshore field of work. We are approved by OPITO, RoSPA, IOSH, NEBOSH and member of various leading safety agencies. You can choose to attend these courses from various branches across Qatar to suit your requirements.

List of Courses:

- OPITO Offshore Survival Trainings
- OPITO and QP approved H2S & Breathing Apparatus training
- Basic and Advance First Aid Trainings
- General Health and Safety Trainings
- Basic and Advance Fire Fighting Trainings
- RoSPA Approved Trainings
- Defensive Driving for heavy, medium and light vehicles
- IOSH & NEBOSH courses
- And many more

VENTURE GULF METAL RECYCLING

As part of a Resources Recovery Program, The Metal Recycling Division was set up in the year 1981 and the division installed the first auto shredding plant in the whole of Middle East, with an annual production capacity of 70,000 MT. The Plant shreds automobile bodies and the end product is sold to the Steel Mills. Since its inception in the year 1981, Al Nasr Group has been the single source of Shredded Steel Scrap to the local steel company, Qatar Steel Company Limited. Professionally managed with multinational specialists in the field, the division has been witnessing an exponential growth.

Dedicated work force, core HSSE competency, HSSE compliance and consistent quality have been the attributes for this steady growth. matching the best of the resources, This division strives to provide the optimum service and products to the client without compromising on quality.

VENTURE GULF OIL AND GAS SERVICES

PROJECT SUPPORT

(Oil & Gas Services & Warehouse Management)
